Privacy Policy for AI Memory Bank

Last Updated: April 29, 2026

AI Memory Bank ("we," "our," or "us") is committed to protecting your privacy. This Privacy Policy explains how we collect, use, and safeguard your information when you use our Chrome Extension and related services.

1. Information We Collect

- **Google Account Information:** When you log in via Google OAuth, we collect your email address and basic profile information to create and manage your account.
- **Conversation Data:** We collect and store text snippets and conversation logs that you voluntarily save using our extension's "Save," "Full Scan," or "Sync" features.
- **Usage Data:** We may collect basic diagnostic information to improve service stability and performance.

2. How We Use Your Information

- To provide, maintain, and improve the AI Memory Bank service.
- To process your search queries using vector similarity search.
- To manage your credit balance and subscription tiers (FREE, STARTER, LITE, PRO, PREMIUM).
- We **NEVER** sell your personal data or conversation history to third parties.

3. Data Storage and Security

- Your saved memories are stored in a secure, isolated database associated with your unique account.
- We use industry-standard encryption to protect your data during transmission and at rest.

4. Third-Party Services

- **OpenAI:** We use OpenAI's API to process summarization and embedding tasks. Your data is sent to OpenAI strictly for processing and is not used by them to train their models (based on their API terms).
- **Lemon Squeezy:** We use Lemon Squeezy for secure payment processing. We do not store your credit card information on our servers.

5. Your Rights

You have the right to access, edit, or delete your saved data at any time through the extension interface. You may also request account deletion by contacting us.

6. Contact Us
